PEACE DAO
WHITEPAPER

Peace DAO

2022

Introduction

The PeaceDAO project carries a powerful message. We who love peace and hate war are always on the right side. To carry out this positive message, PeaceDAO will be built on the blockchain platform and connect with all peace-loving people to realize the mobilized capital in the most reasonable and meaningful way. Welcome to PeaceDAO, a project created by a group of developers and crypto enthusiasts who share a lot of your experiences and your passion for cryptocurrency. And it always carries a message for those who love peace.
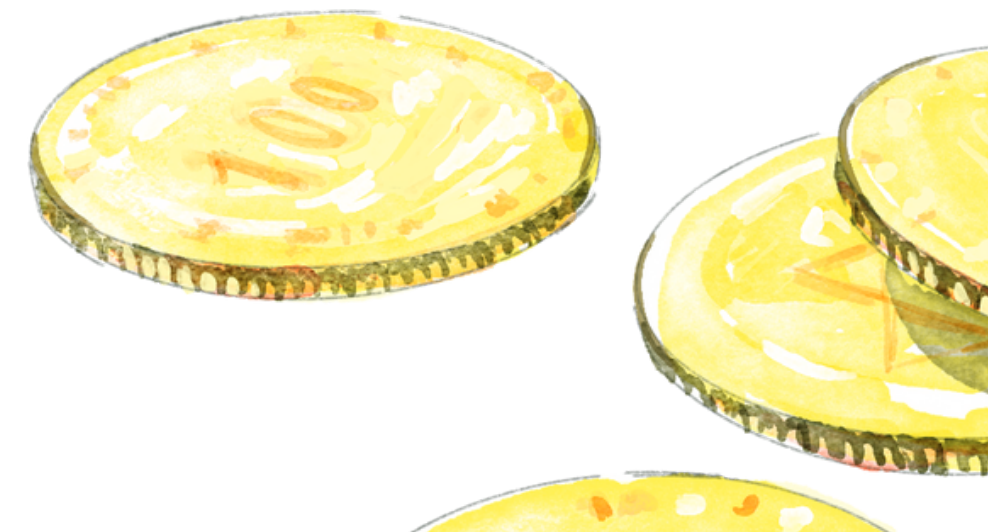

Come and join us in creating a meaningful project

PeaceDAO is controlled by a number of fundamental ideals:

• Transparency - Trust is paramount; we are committed to open and honest communication with our investors.

• Integrity - Simply put, deliver on our promises...the first time as well as every time!

• Marketing - It is built into our contract, not just at the start but throughout the length of the project.

• Message - PeaceDAO will be a meaningful project of humanity! We intend for everything always to have a specific meaning for peace. We will combine with the right level of professionalism to keep things on track and move forward, and we will always keep things accurate

Marketing distribution

will provide constant fuel for the marketing engine. From social media promoters and influencers to news articles, YouTube videos, community outreach and much more. The options to market and support PeaceDAO are limitless.

Buy-back/use case distribution

will provide a catalyst for upward movement and green candles. This feature allows for the literal buy back and burn of tokens on the market, reducing the supply while fueling the volume and value with the actual buy. It will also provide support to ongoing development and enhancement of our use cases.
